## Saturday, July 19th Public Holiday

Saturday, July 19, has been officially fixed as a public holiday for the celebration of peace. The date coincides with peace day throughout the empire.

### Locals And Personals

Entries for the Oyen Agricultural Fair absolutely close at 10 a.m., Saturday, August 2, 1919.  
J. G. Gibson, formerly manager of the Bank of Hamilton here, who enlisted and went overseas about eighteen months ago is now back in Canada. At the present Mr. Gibson is visiting his people at St. Catharines Ont. and expects to be in Oyen on a visit about the end of the month.

Messrs M. M. McDonald and Thos. McGary left last Saturday for Saskatoon where they will attend the Fair. They made the trip in Mr. McDonald's car.

Spring Valley Women's Institute will meet at the home of Mrs. Wm. McAllister on Thursday July 24th at 2:30.

Born—To Mr. and Mrs. Wm. Masters of New Bridgen on June 17th, a son.

Mrs. E. P. Barbour and family left on Sunday morning for Saskatoon where they will spend a holiday.

The monthly meeting of the Laundrie Women's Institute will be held at Mrs. J. W. Cheayons on July 24th at 2:30 p.m. Everybody welcome.

C. V. Johnston, who has been on an extended trip through Minnesota, North Dakota and other points in the States, returned on Sunday morning.

A heavy shower fell in the Superior and south of Oyen districts during Saturday night which has helped the crops considerably in these districts. It is reported that the moisture went down about eight inches in summer fallow and about four inches on prairie land.

Eric Lindquist and Jim Lees left last Sunday on a trip to the Peace River district with the view of locating land for stock raising.

J. S. Thomson, who has been attending the Edmonton fair, returned on Sunday.

Mr. and Mrs. C. A. Gilders, and Mr. and Mrs. Jim Pennie, of Seal left this week for an extended trip through northern Alberta looking for suitable land where they can winter cattle. They made the trip in Mr. Gilder's car.

Misses May and Annie McLachlan of Calgary are visiting their sister, Mrs. J. J. Kelly.

Mr. and Mrs. S. A. Miller were among those from Oyen who attended the Cappon sports on Friday last.

Messrs. Briggs, A. Fry and Geo. Neil motored to Medicine Hat last week.

Henry Herbrand left on Saturday for Calgary on a business trip.

Inspector Brankley, of Calgary, was in town on Thursday inspecting the local detachment of the Alberta provincial police.

Mr. and Mrs. Don May and family motored to Cappon on Friday to attend the sports.

### OYEN'S BIG DAY— PEACE DAY, JULY 19

#### Soldiers' Reception Day

All roads lead to Oyen on that one day of all the year, Peace Day, July 19th, when the citizens of Oyen and district will officially welcome the boys of this district who have returned from the war zone. Competent committees have been deputed to arrange to make this day, a day ever to be remembered by young and old. There will be a good program of races, baseballs, and football matches, and other sports.

In the evening a grand banquet and reception will be given to the returned veterans, after which a grand dance will be held.

This day, July 19th, has been set aside by all the allied countries as a holiday in order that everybody may celebrate peace, and if you want to celebrate, which we know you do, why not come to Oyen on Saturday, July 19th, and join us? Everybody welcome. If you cannot come by aeroplane, come in your auto, if that is impossible come in your buggy, and if you cannot do this, write to us.

Canadian Northern surveyors are again at work west of Oyen. The surveyors, it is said, have stated that the route is an alternative one to that surveyed a short time ago further south, it being desired to see which route offers the easiest grade.

Announcement is also made that work has already been started by the C. P. R. on the line from Drumheller to Acme, the contract being let to Foley Welch & Stewart, who have sublet the contract to Burns Jordan and Welch. Mr. Jordan is already on the ground organizing and preparing to start work. The headquarters of the construction parties have been made at Granger, a few miles east of Acme.

Information received by The Plaindealer is to the effect that east of Drumheller the line will proceed as far as the Bullpond creek, where it will divide the C. P. R. building a line along the southerly route, which was surveyed earlier in the spring, and which will connect up with the Acadia Valley line and run into Empress while the C. N. R. will build along the northerly route which is now being surveyed and connect up with their system across the Saskatchewan border.

### REPORT OF THE EXCELSIOR CLASS OF THE OYEN SUNDAY SCHOOL

Report for April, May and June. Number of pupils registered, 19. Average attendance for the quarter, 10. Average offering for the quarter, 64c. Miss Ruth Walker was present every Sunday in the three months. The following girls only missed attending three Sundays: Miss Laura Walker and Miss Birdie Crockett.

A special invitation is extended to all boys and girls of the teen age to attend these classes.

## Preserving Season

Many of the small fruits are coming in. Predictions point to small crops and high prices. Get our prices.

We think the Sugar Stocks will be normal within a week.

## Rain or Shower Coats

We have opened an exceptionally fine line of Rain or Shower Coats. This year we call them Dust Coats. But, for the cool evening driving they are just the thing. They are moderately priced.

See about Robin Hood Special Prize at the Oyen Agricultural Fair.

## S. A. Miller & Co.

Canada Food Board License No. 8-13878

## Farm Lands Wanted,

### For Our American Buyers

We have received this past week thirty enquiries for Farm Lands in Alberta, from Wisconsin, Ohio, Ky., and Florida.

We can sell your farm if price and terms are fair. A safe and square deal guaranteed. No charge for listing. Tell us what you have. Write to-day.

## J. HOWARD ALEXANDER, AGENT FOR

Main Street, Oyen, Alta.

## Are You Hot?

### Come and keep cool in The Oyen Billiard Hall

The coolest place in town. Beer on draught and in bottles, and all kinds Ciders and fancy drinks on ice.

We highly recommend our Ciders for family use, better than well water, buy it by the gallon.

All kinds Pipes, Tobaccos, Cigars and Cigarettes Quality and Service of the Best.

## Hutcheon & Johnston The Oyen Billiard Hall

## The Coming Of Peace

The 25th day of May will stand for all time as one of the most memorable dates in the calendar, and as one of the most important anniversaries for future generations to celebrate, for it was on this date in the year of grace, 1919, that the Treaty of Versailles was signed, thus officially ending the Great War which began in 1914.

By a strange coincidence, it was on June 28, 1914, that the Archduke Franz Ferdinand, heir to the throne of Austria-Hungary, was murdered at Sarajevo. It was this tragedy that was assigned as the reason for Austria declaring war on Serbia, and thereby precipitating the terrible conflict which shook the world to its very foundations. The signing of the peace treaty on June 28, five years later, was not by pre-arrangement, the date having been postponed from time to time in order to complete negotiations, and finally to enable Germany to secure the consent of some of her leading men to assume the responsibility of affixing their signatures to the document.

It is not necessary at this time to recall the detailed terms of the peace treaty which Germany, after many declarations that she would never sign, finally bowed to the inevitable and signed unconditionally. Suffice it to say that it is probably the most humiliating admission of defeat, and the acceptance of the most exact terms of punishment that any great nation in all the world's history ever signed. Yet Germany had to sign. The only alternatives were anarchy at home, and the complete conquest of the whole country by the armies of the allies.

It is a stern peace, but a just peace. It had to be stern in order to be just. Even so, it is undoubtedly a more merciful peace for Germany than Prussian militarism would have enforced on the allies had Germany proved victorious in the war. This fact is proven by the statements of leading German statesmen and semi-official newspapers made in the days when victory for Germany appeared to be not at all improbable.

The great work of world reconstruction has now to be undertaken. It will call for the patience, wisdom and energy of the statesmen and people of all nations in order that it may be successfully accomplished. The problems confronting the world on a return to peace are quite as great as the problems which created the peace. The nations which created the peace are now to be confronted with the problems of reconstruction. They cannot be solved in a year, or in several years, but for long years, even generations to come, the nations will find it necessary to deal with acute questions which had their origin in the Great War.

The allies will find it necessary to come back to remain prepared and

watchful of Germany. Germany, although defeated and accepting the terms imposed upon her, is far from repentant in Germany. At least the people are still arrogant and defiant, but for the time being impatient and helpless. The spirit of Germany has not changed, and although it may now style itself a republic and not an empire, there is lacking any real evidence of the sincere acceptance of democratic institutions.

Throughout the war Germany proved to be a treacherous and unscrupulous foe. She treated her solemn treaty obligations as "scraps of paper." On the eve of the signing of the peace treaty she gave further evidence of the fact that she has not reformed in this respect. The sinking of the surrendered German fleet at Scapa Flow was a characteristic piece of German treachery and a violation of the laws of war. By the terms of the armistice Germany was required to surrender her fleet. She accepted those terms. The fleet was interned at Scapa Flow. Then on the eve of the signing of the peace the Germans scuttled the ships, destroying property which did not belong to them.

By this act the German navy added the crowning infamy to its history. Its record all through has been one of villainy. It is evident in the harbors and made war by submarine assassination; it surrendered without a fight; and after the surrender it treated a close eye on Germany in the years to come to ensure that she lives up to the terms of the peace treaty she has now signed.

**Like a Grip at the Throat.**—For a disease that is not caused, as far as there is probably, none which causes more terrible suffering than asthma. It is impossible, the sufferer becomes exhausted, and finally, though the attack is in the future, the fear of its return. Dr. J. D. Kellogg's Asthma Remedy is a wonderful curative agent. It immediately relieves the restricted air passages, as though it were there. It is sold by dealers everywhere.

## Wind And Thermometer

You Cannot Make Mercury Contract By Fanning Thermometer

There is a good deal of sense in the answer to the contemporary who answers the question, Does the wind affect the thermometer?

No. Wind is simply the air in motion, and the motion of the air does not change its temperature. Wind, coming in contact with the human body, produces a sensation of coldness, not because it is colder than the air at rest, but because the rapid change of contact with the body causes a sensation of coldness by evaporation. This sensation may be caused by rapid contact of warm air with the body as well as by the rapid contact of cold air. The use of a fan in warm weather brings relief not by cooling the air, but by setting it in motion and bringing rapidly changing masses of it in contact with the human body. But it would not have that effect on an insensitive and insensitive thermometer. You cannot make mercury contract by fanning the thermometer.

**Saskatchewan Beef for Italy.** Regina, Sask.—Gordon, Ironides & Pares have shipped 17 cars of Saskatchewan beef, valued at \$170,000, direct to Italy. Ten cars from Regina, three from Moose Jaw and four from Saskatoon.

Twenty-three thousand acres are used in the making of an ordinary airplane, and seven hundred pieces of wood in a single wing.

Some women are not as bad as they are painted.

Why isn't prohibition a beer check?

## Many Eskimos Died From Starvation

Caribou Failed and Fish Were Difficult to Get

Prince Albert.—Famine stalked last winter among the Eskimos of Chesterfield Inlet, Hudson Bay, according to word just received from Father Turqueti, O.M.I., and the mission at Chesterfield Inlet. The Eskimos, for lack of many of the Eskimos who formerly visited the station. The caribou have failed and there is no fish, writes Father Turqueti in a letter to friends in Prince Albert. Father Turqueti is the French priest who, about eight years ago, sent the report that the remains of Andre's balloon had been found and set the world agog with the news. He is at present at Chesterfield Inlet with Father Pigeo studying the Eskimo language and carrying on the work of his mission. The first taking that hunger and want were approaching came last November when a famished Eskimo, trying to reach the mission, fell in a faint on the ice of the lake near the mission. He did not get up. He was not until the following day that he became conscious, when he gave word of his old struggle, while the missionaries finally discovered what the remains of an old tent torn by the wind. She was stoically waiting death.

Many Eskimos died, for the Eskimo had put by no great stock of food. When the caribou failed and they tried for fish, they were difficult to get. In February it was a struggle to chop a hole through the ice, and even then the fishing could only be done in the deep places where the snowdrifts came no one could venture out, and death stared them in the face. Last year forty or sixty Eskimos perished in this way. At the time ago the missionaries heard of one family where five children died of hunger.

## Cold Storage

It is a very vexing question, but there are many Canadians paying high prices who do not understand the "forty million dollars worth of frozen beef" is in cold storage in Canada."—Kingston Standard.

Minard's Liniment Co. Limited, Gen'l. & Curd's Liniment Co. Ltd. of mangle with MINARD'S LINIMENT after several veterinarians had failed to cure him.

Prop. of Grand Central Hotel, Drummondville, Aug. 3, '24.

**Swiftest Dog in the World.** To swallow a dog in the world, the borzoi, or Russian wolfhound, has made record runs that show 75 feet in a second, while the gazelle has shown measured speed more than eighty feet a second, which would give it a speed of 4,800 feet in a minute if the pace could be kept up.

**YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS!**

You simply say to the drug store man, "Give me a quarter of an ounce of freestone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.

A few drops of this new ether compound applied directly upon a tender, aching corn, should relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the fingers.

This new way to rid one's feet of corns was introduced by a Cincinnati man who says that while freestone sticks, it dries in a moment, and simply lifts the corn out of the foot, without flaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or lockjaw from whitening at his corns, but clip this out and make him try it.

**Plans Trains Of Air Cars**

The First Step Toward the Creation of an Aerial Train

The keenest interest has been aroused in various circles in London by a report from the Hague that Herr Fokker, the Dutch inventor of the German battleplane, and proprietor of the works that manufactured it, proposes having himself seated in one airplane and towed by another plane. This is the first step toward the creation of an aerial train, the idea being an aerial locomotive with a chain of cars, similar to a modern railway train.

Herr Fokker has a specially constructed monoplane without motor ready for the experiment, but has great difficulty in getting an airman to lead the airplane. A flying train of air cars, some for baggage and some for passengers, is said to be the dream of this Dutch inventor.

## TIRED PEOPLE ARE DEBILITATED

Full Health and Strength Can Only Be Regained By Eating the Blood

People who are tired all the time and never feel rested, even after a long night in bed, people who cannot get up in the morning, who feel no joy in living, are in a condition described by doctors as "grip." A medical examination might show that every organ in the body is doing normally, but the pallor of the face will usually show that the blood is weak and watery. This is the root of the trouble.

Debility is a loss of vitality, not affecting any one part of the body, but the system generally. The blood goes to every part of the body and the use of a blood tonic like Dr. Williams' Pink Pills quickly tones up the whole system. The first sign of returning health is a better appetite, an increased capacity for a quicker step and better color in the cheeks. The rich red blood, reaching every organ and carrying new health and vigor.

The nerves are greatly, sleep becomes refreshing, and with persistent treatment and a good diet the patient is once more a vigorous man. The case of Mr. W. D. Doster, R. R. No. 4, Tillamook, Ore., illustrates the value of Dr. Williams' Pink Pills in cases of this kind. Mr. Doster says: "I was troubled with nervousness throughout my whole body, was exhausted, and after a few weeks I began taking Dr. Williams' Pink Pills, and after a few weeks I was a noticeable improvement."

At the first sign that the blood is out of order take Dr. Williams' Pink Pills, and note the speedy improvement. You will find your appetite, health and spirits. You can get these pills at any medicine store, or by mail at \$2.00 a box, or six boxes for \$12.00 from The Dr. Williams' Medicine Co., Brockton, Ore.

## Talk Of Teuton Exodus

5,000,000 Will Leave Germany As Escape War Burdens

New York.—Karl H. Von Wiegand, the Berlin correspondent of the Sun, cables in part convinced that the German industry, created a great army of unemployed, and lesson the German is anxious to leave the country, or to gain independence in life, preliminary preparations are being made for emigration by hundreds of thousands of Germans.

The movement is taking active shape, although no organized agencies are being formed and systematic plans are being worked out in a characteristic methodical way. The government, realizing the crisis, tries, limited war materials, the absence of an army and navy and of a mercantile marine, will have perhaps several millions of men upon its hands for whom it will be difficult, if not impossible to provide a means of livelihood. The government has encouraged the idea of a wholesale exodus. It has added a new department to the Ministry of the Interior called the National Emigration Office, which has been placed in charge of Privy Council Minister. It was established to give information and all possible assistance and advice German emigrants, but especially to keep track of the streams of Germans who are expected to leave Germany.

The number of persons who will leave or will be "shoved off" with the assistance of the government is estimated conservatively at 5,000,000.

The main streams of German emigration will be directed toward South America; that much already is evident. Intercasting emigrants are warned strongly against the United States in the general belief that Germans are not wanted there. Reports have been published here that the American labor unions are creating a general anti-foreign feeling in that country.

An Argentine immigration bureau has been established in Berlin. Among other inducements, the Argentine government pays part of the immigrant's expenses, including railway fare to destination after arrival at Buenos Aires, and ten days' food allowance.

Southern Brazil is a second favorite, followed by Mexico and Chile. The first 500 Germans are scheduled to arrive in Mexico in September. A propaganda for Paraguay also has been commenced.

Minard's Liniment Cures Diphtheria.

At twenty-one a man knows everything; at fifty he wishes he knew something.

There is nothing on earth that can get so badly stuck on itself as a sheet of postage stamps.

## How To Get The News

Editors Are Only Human, Or At Least Almost Human

Day before yesterday a perfectly nice lady called up and with tears in her voice reproved us for not mentioning the fact that she had a friend visiting her last week. We told her that she had not let us know that she had a visitor. Then she said, "Well, you should have known. I thought you were running a newspaper." Wouldn't that rattle your ribs? Some people think that the editor ought to be a cross between Argus and Anna Eva Pay. They seem to think that our five senses are augmented by a sixth that lets us know everything that happens, even if it is seen, heard, felt, tasted or smelled it. Dear lady, editors are only human, or at least almost human. If you have a friend visiting you, if you are going away, or have returned from a visit out of town, if Johnny falls and breaks his arm, if your husband chops his toe instead of a stick of wood, if anything happens to make you glad, or sad, happy or mad, call us up. Tell us about it. That's the way to get it in the paper.—From the Simcoe Reform.

"Black Watch"—The Best Black Pig Chewing Tobacco on the Market

## Chinese Firecrackers

Canton District Is the Centre of This

China invented gunpowder and popularized fire-crackers. The cheapest kind of firecrackers is made of gunpowder rolled up in coarse bamboo paper with a covering of red paper, red being regarded by the Chinese as bringing good luck. Alum is used to neutralize the smoke. The Canton district is the centre of this industry. The Chinese seem to use firecrackers upon every occasion—to end a party, to mark a wedding celebration, on festivals and birthdays, and to dispel evil and bring good omens. China exports about 400,000 worth a year.

Hard and soft corns both yield to Herr's Corn Cure, which is entirely safe to use, and certain and satisfactory in its action.

## Hamburg Retaken

London.—Hamburg, which has been in the hands of Spartacists and Communists for a week, has been occupied by the government troops under Gen. Von Treue Yorck. The Exchange Telegraph company dispatch from Copenhagen reports that occupation says there was no fighting.

## Expensive Fish

"Cheer up, old man, there's other fish in the sea." Rejected suitor: "Yet, but the last one took all my bait."—Life.

## CUTICURA HEALS PIMPLES

In terrible skin on face which made skin sore and inflamed. Itched, itchy scratching and was disfigured. Could sleep well and made face unpleasant. Trouble lasted months before Cuticura and made using 2 cakes of Soap and 1 box of Cuticura was completely healed.

From signed statement of Miss Gladys Hobel, R. R. 1, Brussels, Ont. Cuticura Soap, Ointment and Talcum powder promotes and maintains skin purity, skin comfort and skin health when all else fails.

For free sample send to Cuticura, Dept. 10, P. O. Box 10, N. Y. N. Y. Cuticura.

## Price Limit For Wives

Marriage agencies in Japan are now limited to two dollars per fee on each match made. One peso for an introduction, five for a hunt for a life partner, and twenty-five more for actually binding two together are the legal prices. This arrangement cuts off the sorbets, carriages, flowers, jewelry and other luxuries of this country, and after all is more economical.

Worms in children work havoc. These pests attack the tender lining of the intestines and if left to pursue their ravages unchecked, will ultimately perforate the wall, because the worms are so numerous that they cling to and feed upon interior surfaces. Miller's Worm powders will not only exterminate these worms, of whatever variety, but will serve to soothe the injury they have done.

## Cannouaged Krupps

London.—The Krupp works at Muehich have been sold to American capitalists. According to dispatches from Munich quoting newspapers there. It is added several industrial concerns in the Bavarian capital have also passed into U.S. hands.

## An Odd Person

"How modestly she dresses, and sensibly."

"Yes; that woman will do anything to attract attention."

## THE TAX RECOVERY ACT

The various municipal acts in part to redemption within a year and if the land is not redeemed then it may be sold by the municipality. This method of tax enforcement has proved to be both expensive and tedious, as it requires the making out of a tax enforcement return; abstracts of title are required to be secured from the Land Titles Office for all lands on the said tax enforcement return; notices have to be sent by registered mail at least 60 days prior to date of the court at which the tax enforcement return is to be confirmed to all parties having any interest in the land and notice of court has to be advertised in the local newspaper and in the Alberta Gazette. After the tax enforcement return has been confirmed additional abstracts have to be obtained, two more sets of notices have to be issued and advertisements again inserted in local newspapers and Alberta Gazette, giving date of final forfeiture. If the land is finally sold, it is at least four months from the date of the commencement of forfeiture proceedings before the municipality realises all its taxes, and if, as frequently happens in urban municipalities, the land cannot be sold at all, the municipality does not receive its taxes and in addition is out a large amount spent in obtaining abstracts, printing and mailing special notice, advertising date of court, advertising date of final forfeiture, and so on.

Because these proceedings were so expensive, burdensome and unsatisfactory, the Hon. A. G. MacKay, Minister of Municipal Affairs, at the last session of the legislature, introduced legislation under the name of the Tax Recovery Act, which will greatly simplify and reduce the expense of the Tax Enforcement proceedings in future.

Under the Tax Recovery Act lands on which taxes are in arrears on the first day of July of the year following that in which they are levied, are liable to be sold for taxes and the treasurer or collector, as the case may be, of each city, town, village or municipal district shall, on or before the fourteenth day of August in each year, submit to the mayor or reeve of the municipality, a list of all lands that are liable to be sold for taxes. The mayor or reeve, on satisfying himself that the list is correct gives the proper official a warrant authorizing him to advertise for sale all the lands included in such list. Such sale is required to be advertised once a week for two consecutive weeks in a newspaper or newspapers published in the municipality, or if there is no newspaper circulating in the municipality, such advertisements must be published not less than six weeks before the date of sale and is required to contain a list of the lands to be sold. In addition to the publication of the list as above mentioned, there shall be published once during each week after the period of two weeks above mentioned, but prior to date of sale, a notice of such sale and a statement as to where the list of lands may be seen. Notice of the sale is also required to be published in two issues of the Alberta Gazette, the last issue to appear not less than two weeks before the date of sale. No lands the title to which is vested in the crown, can be included in the sale.

Lands so offered for sale shall be sold to the highest bidder, and if they cannot be sold for the full amount of the arrears of taxes and costs, they may be sold for a lesser and, subject, however, to a minimum value that may be placed upon them by the council of the municipality. This minimum value shall not be advertised, but shall be treated by the treasurer as the upset selling

price. Any lands which are not sold at such a sale shall be included in the list of lands offered for sale the following year. The purchaser at the tax sale will only be required to pay at date of sale, the amount due the municipality for arrears of taxes and costs even if the land is sold for more than the arrears of taxes and costs.

As soon as the sale is completed, a return showing the lands sold will be sent to the registrar of the Land Titles Office for the registration district in which the land is situated, who shall register against such land a memorandum of sale, so that any prospective purchaser or money lender may be protected.

All lands sold at a tax sale are subject to redemption within a period of one year from the date of sale. Where lands sold are not redeemed by the end of the year all parties shown by the record of the Land Titles Office to be interested in the land, shall forthwith be notified of that fact by registered mail, and after a period of sixty days has elapsed from the expiration of the redemption period, a return of the unredeemed lands will be submitted to a judge of the district court, who, on being satisfied that he notice has been given and that all matters in connection with the proceedings are regular, shall make such order as to transfer as he deems advisable and in accordance with the order the treasurer shall then issue transfer to any tax sale purchaser, on receiving from him payment of the balance outstanding, and such transfer shall entitle the purchaser to an indefeasible title, except as to claims of the municipality or the crown. Any monies paid to the municipality over and above the taxes due, shall be paid to the persons decreed by an order of a judge of the district court to be entitled thereto.

By comparing the procedure under the Tax Recovery Act with the provisions in regard to tax enforcement that have hitherto been in force, it will be noted that under the Tax Recovery Act, it is only necessary for the municipality to obtain abstracts of title and to send notice by registered mail, in connection with the lands which are sold and not redeemed, whereas under the forfeiture proceedings that have been in force under our municipal acts, it is necessary to obtain abstracts of title of all lands in which taxes are in arrears, to send notice by registered mail to all parties shown to be interested, then during the year allowed for redemption after the land has been forfeited, it is necessary for another set of abstracts to be secured and two more notices to be sent to each person shown to be interested in the land, and after all this trouble and expense the municipality in many cases is unable to collect any taxes whatever.

The Tax Recovery Act provides for the immediate sale of land for taxes, without waiting for a year as required by the forfeiture proceedings. If the land can be sold at all this saving in the taxes immediately, if it cannot be sold, very little expense has been incurred. In addition to making provision whereby municipalities may obtain their taxes more quickly, the Tax Recovery Act provides a simple method whereby action may be taken in an expense that will not be more than one-third of what it was under the forfeiture proceedings set forth in different municipal acts, and if the land is worth the taxes the municipality gets the full amount of the taxes. If the land will not sell, the municipality has not been put to any great expense.

The provisions of the Tax Recovery Act will come into force in the year 1920, and on and after the year 1920 the tax enforcement proceedings provided for in the municipal acts will cease to be operative except insofar as proceedings instituted prior to the end of the current year are concerned.

## Where does your salary go?

THE months go by with dizzy rapidity and you find at the end of a hard working year, that you are no better off than you were at the beginning.

Year after year it will be the same if you don't take immediate steps to stop the outward flow of your earnings.

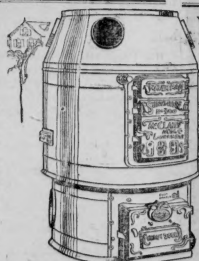

Cultivate the saving plan. Try opening a savings account in The Bank of Toronto. It will be surprising how little you will give what you lay aside, and how quickly your savings, together with the interest they will earn, will accumulate to a substantial sum.

We invite your banking account

B. E. KELLY

Manager.

## THRIFT STILL NECESSARY

The need of continued thrift on the part of Canadians is set forth in the following, which is opening paragraph, in the May Commercial Letter, issued by the Canadian Bank of Commerce: "The need for personal and community thrift is as great now as in the black days of 1916, when it was real-

ized that the most stringent thrift was required to enable us to meet the demands of the government for more and yet more money with which to carry on the war. The great dread which hung over all a year ago has happily been removed, but we still have a duty to perform, and it is essential that it should be faced. It is necessary to carry on public works that will aid production, such as roads and railways, on a considerable scale, in order to provide employment for the workers. We have also a heavy burden of interest imposed on us by the war, and we have great obligations to those who were maimed as well as to the dependents of those who laid down their lives for our security. These obligations can be met only by a continuance of self denial on the part of every one in the Dominion."

Don't forget the Big Day in Oyen on Peace Day, Saturday, July 19th.

## BASEBALL

Oyen Romp Home at Long End Of Five to One Score

Juney—Quinn's New Pitcher Hurts Shut Out Ball

In the best ball game witnessed here this season Oyen, triumphed Chinook on Friday night, in a pitcher's battle between Juney for Oyen and Trojor for Chinook, and had it not been for one bad inning, which was so fault of Trojor, one run for either team would, no doubt have decided the game.

While Juney only allowed one hit, Trojor pitched air tight ball in pinches, and up to the 8th innings, when Chinook made a couple of wild pegs, it was anybody's game.

In the first four frames the batters were sent back almost in order, and the fans were being treated to real ball. Manager Quinn was first up in fifth and hit back of second. Juney followed with a nice single, Horne next up sacrificed advancing Quinn and Juney to Second and third. Dressed singled scoring Quinn and Juney going to third. Cook got on through an error. Romine was hit by a pitched ball. Vancance came to bat with the bases full and hit for three bags scoring three runs, and scored himself in Glaven's two bagger. Dalton grounded out to pitcher.

Chinook scored their only run in the sixth innings, when Oyen added one more in their half each side going out in order in the seventh when rain put a stop to the game.

## By Diamond Dust

Youngstown will play here Friday the 18th. Let's all be there to boost for the home team.

Hewie Thompson at second for Chinook lacks nothing in the cribbing line in fact he has every qualification for the big league if that constitutes big league stuff.

Dalton at short played nice ball.

His Ump—Hank McDonald was the best seen here this season. Besides giving them as he sees them, he has the size to back up his decision. This alone stops any argument!

Pinned for Chinook might have made a couple of nice hits had he been able to straighten them out.

Juney and Glaven are a nice pair (both pitchers) for any ball team. Let's hope they dish them up for Youngstown festival, Thursday night.

Trojor Brothers are real ball players.

Manager Quinn went the full rout to give the fans a real ball game by securing Juney to do the pitching.

Vancance's third bagger in the fifth was some wallop and at an opportune time.

Entries for the Oyen Agricultural Fair absolutely close at 10 a.m., Saturday, August 2, 1919.

No place on the old globe will you find such a good time as in this old berg (Oyen) on Peace Day, July 19th, when the natives will celebrate peace and welcome home its returned veterans.

The Municipal District of Acadia are doing considerable road work this year at a very reasonable cost. They have let out the work to be done on a contract at a rate of \$135 per mile, and are figuring on repairing about 30 miles of road in the district this year.

Carl Swenson, who has been on an extended visit through northwestern Dakota, returned last week. Mr. Swenson says that the farmers in that part of the country are having considerable trouble with the grasshoppers, which are destroying the crops.

Mr. and Mrs. J. J. Kelly are enjoying a visit from Miss Winnie Kelly and Master Williamson Kelly of Toronto sister and son of Mr. J. J. Kelly.

J. A. McCall, M.L.A. and Geo. Campbell, provincial government road master for this constituency, were in town last Wednesday, looking over the roads in this district with a view to giving government grants for the repairing of these roads. Mr. McCall, in conversation with the News said a crew of men were already working on the trunk road near Lanfrie and will work on the road east this summer.

The telephone wire is being strung from Oyen to Alask, and it is expected that within a very short time it will be possible to telephone through to Saskatoon and other points east.

Life is too short to give up all to work and nothing to pleasure. So come to Oyen on Peace Day, July 19th, and enjoy yourself.

The 175th Battalion will hold a reunion on August 6th and 7th, at Medicine Hat. All men who joined the 175th Battalion are especially asked to attend. A big time arranged. Reduced railway rates. To the men living in Oyen and district who enlisted in this battalion, this reunion should be of special interest to them.

A. E. Warren, General Manager of Canadian National Railways and party passed through Oyen in their private car last Saturday.

Mrs. W. V. Miller is a visitor in Calgary this week.

After an absence of several years due to the war, the small boys and kiddies of Oyen are at last to enjoy the visit of a big leaped attraction. The town and surrounding country is heavily billed for the appearance of Sanger's Greater European show in Oyen on Thursday, July 24th.

Lee-Corpl. Albert Taylor, of Muhlbach, returned from overseas last Friday.

**OYEN AGRICULTURAL FAIR  
AUGUST 4 AND 5****Bigger and Better Than Ever**

Be sure and keep open dates for the Oyen Fair on Monday and Tuesday, August 4th and 5th. The fair this year will be a good one, and the committees are already preparing to cater to a large crowd of visitors. Apart from the splendid exhibits of live stock and produce there will be good program of horse races, foot races and last, but not least, the big ball tournament, when the best teams in western Canada will compete for the prize money. Nothing will be left undone to make the fair a real success, as the directors are determined to give everybody present a real good time.

**Open Letter—to Boys and Girls (under 17 years) Of Oyen and District**

Dear Boys and Girls:—

I want to especially call your attention to the opportunities you have in competing in the Oyen Agricultural Fair, Aug. 4 and 5. See page 16 of prize list, class 37. You have 39 different ways in which you can compete. It does not cost you anything to 'compete' in any or all of the 39 ways. All other exhibitors must be paid up members. You are free to compete. I want to write you a more lengthy letter next week. Mr. R. Cates, President of the Fair and I intended visiting ten or twelve public schools adjacent to Oyen and seeking to enlist your interest and co-operation in the Fair. Mr. Cates and I found it impossible owing to the pressure of other duties, so I want to tell you in just a few lines some things I intended to bring to your attention at the public schools.

Yours sincerely,

R. E. Finlay.

Pastor of Union Church.

**The Chinook G.W.V.A. Members  
Will Visit Oyen July 19th.**

The Chinook local G.W.V.A. had intended having a banquet on Peace Night, July 19, but the committee in charge decided that, in view of the Oyen local was having a celebration on that day, the banquet be indefinitely postponed. The committee has further decided that motor cars will be supplied free to veterans and their wives wishing to attend the Oyen celebration. The cars will leave Chinook at 10 o'clock the morning of the 19th, arriving at Oyen in time for lunch.

**EXCEL ITEMS**

Five autos from Excel took in the stampede at Neutral Hills the other week. Among those who attended were Mesdames Mainer, McNamara and E. Gullekson, T. Hove, O. Edstrom, L. Gullekson, Sergt. Davidson, Bob Nesbitt, J. Gainer, J. McNamara and Mr. and Mrs. R. Anderson. All report a most enjoyable trip.

A. E. Collinge left last Friday for points in British Columbia.

Mr. and Mrs. E. Church and Miss Church, Florence and Belle Howard, E. Watrous, A. Runnings, Jim Gainer and Jack McNamara motored to the Red Deer river last week to pick berries.

Howard Munroe spent a short vacation in Calgary, returning last week.

**Weddings****CATES—MARIT**

A wedding of interest was solemnized on Wednesday, July 9th at Verwood, Sask. when Miss Jeanne, only daughter of Mr. and Mrs. Marit, was united in marriage to Mr. Merton L. Cates of Fairacres Alta.

Mr. and Mrs. Cates returned to their farm at Fairacres last Saturday where they reside.

**HOWE—ARNOLD**

At the Methodist Parsonage on Monday, July 14th by Rev. R. E. Finlay, Miss Luella Arnold of Acadia Valley Alta., to Lincoln Lindsay Howe of Athol Alta. The happy couple left for Banff where they will spend their honeymoon.
